About Buildmark

This page gives a quick summary of your Buildmark cover. It is for information only and does not form part of the terms and conditions of your cover.

Buildmark covers defects in the way your new home is built. By 'defect', we mean something about the building of your home that has not met NHBC Requirements. These are published technical standards that we require builders to meet.

The cover is divided into five numbered sections, each of which may apply at different stages and to different situations.

- Section 1 applies to matters reported to us before the first owner completes their purchase of the home.
- Section 2 applies to matters reported to the builder during the first two years after the first owner completes their purchase.
- Sections 3, 4 and 5 apply to matters reported to us during the next eight years after the period covered by Section 2 (making a total of 10 years' cover in all).

There are exclusions and financial limits to the cover. They are all set out in this booklet.

Section 1: NHBC's cover before completion

Section 1, on pages 7 and 8, says **what we will do** if the builder does not start or finish building your home before you complete your purchase (as the first owner). If you need to make a claim, normally we will pay to complete the building of your home, or ensure your deposit is returned.

Section 2: The builder's obligations after completion, NHBC's cover if the builder fails to meet those obligations, and the Resolution Service

Section 2, on pages 9 to 12, says **what the builder will do** if a defect is reported to them.

If you need to make a claim, then usually the builder will deal with the defects you report to them by doing the necessary repairs. If you are not satisfied with what the builder does, **you can ask us to help** and we may provide our Resolution Service. If we provide our Resolution Service and we agree that there is a defect, we may require the builder to do the necessary repairs. Alternatively, you may choose to use arbitration or another method of resolving the dispute with the builder.

If the builder fails to complete work required by an NHBC Resolution Service report, or fails to honour an arbitration award or court judgment for matters covered by Buildmark, or is insolvent, then we will meet the builder's obligations under section 2.

Section 3: NHBC's obligations regarding damage to certain parts of your home and defects to flues or chimneys (after the period covered by section 2)

Section 3, on pages 13 and 14, says **what we will do** if there is physical damage caused by a defect in certain parts of your home, or if there is a defect with a flue or chimney and that results in danger to health and safety.

Section 4: NHBC's obligations regarding non-compliance with building regulations (after the period covered by section 2)

Section 4, on pages 15 and 16, says **what we will do** if your home does not comply with certain Building Regulations and that results in danger to health and safety. This section only applies if 'building control' (that is, inspection for Building Regulations purposes) for your home was provided by NHBC Building Control Services Ltd or by another company registered with us.

Section 5: NHBC's obligations regarding contaminated land (after the period covered by section 2)

Section 5, on pages 17 and 18, says **what we will do** if there are contaminants in or on the land on which your home is built and, under environmental protection laws, you must remove them or make them safe.

General exclusions and limitations

Throughout this booklet, certain exclusions and limitations apply to NHBC's insurance liability, and other exclusions and limitations apply to the liability of both NHBC and the Builder in connection with war and terrorism. These are set out in the tables below. Further exclusions and limitations apply to liability under specific sections of Buildmark; these are set out in the individual sections concerned.

NHBC will not be liable for the following:

- a) Any cost, loss or liability for which you are eligible to receive compensation under any legislation or statutory compensation scheme, or for which you are covered by any other insurance policy.
- b) Anything agreed to be excluded and recorded by an endorsement by NHBC on the Insurance Certificate.
- c) Anything resulting from or caused by the alteration or extension of your Home, the installation, alteration, extension or demolition of any building, wall, path, drive, paved area, fence, swimming pool or any other structure (permanent or temporary), or the planting (and subsequent growth) or removal of trees or plants (including lawns), in each case after the date of Completion.
- d) Anything resulting from compliance by the Builder with written instructions given by or on behalf of the first Owner in respect of design, materials or workmanship.
- e) The effects of wear and tear, neglect or failure to do appropriate maintenance.
- f) The effects of dampness, condensation or shrinkage not resulting from a Defect.
- g) Anything resulting from or contributed to by the installation or presence of a swimming pool or lift.
- h) Any reduction in the value of a Home.
- i) Any loss of enjoyment, loss of use, loss of income or business opportunity, inconvenience or distress, or any loss arising or cost incurred (or both) only indirectly, as a result of the events or circumstances that led to your claim or complaint.
- j) Any professional fees except those reasonably incurred

with our written consent and those legal costs and disbursements that may be claimed under part 2 of section 2 in respect of an arbitration award, court judgment or court order.

- k) Any costs or expenses greater than those that would have been paid or incurred by a reasonable person in the position of the Owner spending their own money in connection with the events or circumstances that led to your claim or complaint.

- 3) action taken to control, prevent or suppress an act of terrorism*; or

- 4) action in any way relating to an act of terrorism*.

If you claim and we decide that this exclusion means that Buildmark cover does not cover a particular instance of loss or damage or some particular costs or expenses, then it would be for you to prove the contrary.

*In this exclusion, an 'act of terrorism' means an act - including force, violence or threat by a person or group whether acting alone or on behalf of, or in connection with, an organisation or government - that is committed for political, religious, ideological or similar purposes including the intention to influence a government or to put people in fear.

Important information

Important information for Owners

This booklet contains terms and conditions of the Buildmark cover for your Home. Please note that this cover is different to (and is not a substitute for) the cover provided by household buildings and contents insurance.

We recommend that you read this booklet when you first receive it and then read it again with the Insurance Certificate when you receive that. If you have any questions, we suggest that you ask your solicitor or licensed conveyancer if you have appointed one to act for you in connection with the purchase of your Home, or call our Customer Services team on 0844 633 1000.

The cover provided by NHBC under Buildmark is underwritten by the National House-Building Council, a company limited by guarantee with company registration number 320784, which is authorised and regulated by the Financial Services Authority (FSA registration number 202261) and whose registered office is NHBC House, Davy Avenue, Knowlhill, Milton Keynes, Buckinghamshire MK5 8FP.

The Insurance Certificate will normally be sent to the first Owner shortly after Completion. If you are the first Owner of a Home and you do not receive an Insurance Certificate from us within 14 days of moving in, please call our Customer Services team. If you think you have lost your Insurance Certificate, please call our Customer Services team. If you sell your Home before the expiry of the Buildmark cover, please give this booklet and the Insurance Certificate to the new Owner on completion of the sale.

There is more information on our website (www.nhbc.co.uk) about NHBC, Buildmark cover and our claims and Resolution Service procedures.

How to contact NHBC to make a claim or use the Resolution Service

Please call 0844 633 1000, or fax 0844 633 0030, or write to us at NHBC Claims, NHBC House, Davy Avenue, Knowlhill, Milton Keynes, Bucks MK5 8FP, or use our online claims service at www.nhbc.co.uk.

If you contact us to make a claim or to use our Resolution Service, we will always ask for your name, address and postcode. It will be helpful if you can tell us your Buildmark number, which is printed on the Insurance Certificate. We may ask you to pay a fee, provide more information or arrange to carry out tests or investigations before we investigate your claim. We may refund the costs incurred if your claim is valid.

Conditions of cover

If you have appointed a solicitor or licensed conveyancer to act for you in connection with the purchase of your Home, we recommend that they check that the conditions referred to below are satisfied. If you have not appointed a solicitor or licensed conveyancer to act for you (where for instance you are doing your own conveyancing), we recommend that you carry out these checks.

For the insurance cover provided by NHBC under section 1 to be effective, the first Owner must have entered into a Contract for the Home and the Builder must have been registered with NHBC when that happened.

For the insurance cover provided by NHBC under part 2 of section 2 and sections 3, 4 and 5 to be effective, in addition to the conditions that apply for cover under section 1, NHBC must have issued an Insurance Certificate.

Normally, all the terms and conditions of the Buildmark cover for a Home will be those set out in this booklet. However, occasionally additional terms and conditions may be agreed and recorded by an endorsement by NHBC on the Insurance Certificate.

The terms and conditions of Buildmark cover for your Home therefore comprise the terms and conditions in this booklet together with any additional terms and conditions recorded in any endorsement by NHBC on the Insurance Certificate.

Buildmark cover is intended to benefit each and every Owner of a Home from time to time during the period of the cover. Each successive Owner will be entitled to enforce the Buildmark cover. No one other than the Owner of a Home from time to time has any rights to claim under Buildmark cover or otherwise enforce the Buildmark cover.

Your rights against the Builder under Buildmark cover are in addition to and do not replace any other legal rights (for example, contractual, statutory or common-law rights) that you may have against the Builder in connection with your Home.

Section 1

NHBC's obligations

This section tells you (in the yellow panel on this page) what NHBC will do:

- if the Builder does not start or complete your Home due to its insolvency or fraud and you notify us of a claim under this section within the notification period described below; or
- if we (at our sole discretion) instruct the Builder to carry out work to your Home before the date of Completion and the Builder fails to carry out the work.

The grey panel on this page tells you what NHBC will not do or be liable for under this section.

Notification period

The notification period starts on the date of the Contract and ends on the date of Completion or, if for any reason Completion does not take place, on the date six years from the date of the Builder's insolvency or fraud resulting in a right to make a claim under this section.

Financial limits

- 1) Our aggregate liability for all claims relating to your Home under this section, taken together, will be limited to 10% of the Original Purchase Price or £100,000, whichever is less.
- 2) When your Home includes Common Parts, our liability for all claims relating to them (subject to the limit referred to in 1 above) will be limited to that portion of the total cost of doing all the work that has to be done in connection with those Common Parts that we decide it is reasonable to attribute to your Home.
- 3) If a claim is made by the Owner of another Home in connection with any Common Parts that are shared by your Home, we may ask you to claim under this section in respect of those Common Parts or we may proceed as if you had. We may then deduct the costs we incur from the relevant financial limit of cover for your Home.

What NHBC will do

- 1) If, due to its insolvency or fraud, the Builder does not start your Home and you notify us of a claim under this section within the relevant notification period, we will pay you the amount that you paid to the Builder under the Contract and that you cannot recover.
- 2) If the Builder starts but, due to its insolvency or fraud, does not complete your Home and you notify us of a claim under this section within the notification period, we will at our option either:
 - i) pay you the amount that you paid to the Builder under the Contract and that you cannot recover; or
 - ii) pay you the extra Cost above the Original Purchase Price for work necessary to complete your Home substantially in accordance with NHBC Requirements or, at our option, arrange to get that work done at our expense.
- 3) We will pay you the Cost of any work that (before the date of Completion and at our sole discretion) we instruct the Builder to do to complete the construction of your Home and that the Builder does not complete in a workmanlike manner and in accordance with NHBC Requirements within the time set by us. Alternatively, we may at our option arrange for that work to be done at our expense.

What NHBC will not do or be liable for

- 1) Anything not included in the Contract with the Builder.
- 2) Any work done without NHBC's written authorisation.
- 3) Anything for which you have withheld payment to the Builder. Where you have done so:
 - a) we will be entitled to deduct the amount you withheld from the sum that we would otherwise pay; and
 - b) if we are to do the work for which you withheld payment, you must pay us the amount you withheld before the work begins.
- 4) Anything listed in the exclusions and limitations on page 5.

How to make a claim – what you must do

Contact NHBC (see page 6) as soon as you believe the Builder might be insolvent or have acted fraudulently or may not complete your Home in accordance with the Contract. You must also do the following:

- 1) Send us any evidence you have that the Builder may be insolvent, may have acted fraudulently or may not complete the construction of your Home.
- 2) Get our written agreement before you take any action to have work done on your Home (see the important note below).
- 3) If we ask for them, send us copies of any correspondence, notes of telephone conversations, contracts, plans, quotations, receipts and any other documents or information relating to your Home.

It is advisable to keep copies of all written correspondence and notes of all conversations you have with the Builder about matters that may be relevant to a claim under this section.

Important note

Only work done by an NHBC registered Builder is covered by NHBC. Therefore, if someone other than the Builder completes the construction of your Home, the cover provided by NHBC under part 2 of section 2 and sections 3, 4 and 5 may not apply fully or at all.

Section 2

Part 1 - The Builder's obligations

This part of this section tells you (in the yellow panel on this page) what the Builder will do if there is a Defect or Damage to your Home and the Builder is notified of the matter concerned within the relevant notification period described below.

The grey panel on this page tells you what the Builder will not do or be liable for under this part of this section.

Notification periods

- 1) For a Defect or Damage to your Home that does not affect any Common Parts, the notification period is the period of two years from the date of Completion.
- 2) For a Defect or Damage to your Home that does affect Common Parts, the notification period is the period:
 - a) starting on the first of the dates of Completion for the Homes that share the Common Parts; and
 - b) ending the earlier of:
 - i) three years from that date;
 - ii) two years from the date of the last of the dates of Completion for the Homes that share the Common Parts.

What the Builder will do

- 1) Within a reasonable time, at its own expense, in a workmanlike manner and in accordance with NHBC Requirements, the Builder will put right or repair any Defect or Damage notified to it during the relevant notification period. This includes, when Damage is notified, repairing or putting right the Defect that caused the Damage.
- 2) The Builder will pay you any reasonable costs that you incur by prior agreement with the Builder for removal, storage and appropriate alternative accommodation if it is necessary for anyone normally living in your Home to move out so that work can be done (the Builder must not unreasonably withhold such agreement).

If notified within the relevant notification period, the Builder remains liable under this part of this section even after the relevant notification period has ended.

What the Builder will not do or be liable for

- 1) Anything agreed to be excluded from the scope of the Builder's liability and recorded by an endorsement by NHBC to the Insurance Certificate.
- 2) Anything resulting from or caused by the alteration or extension of your Home, the installation, alteration, extension or demolition of any building, wall, path, drive, paved area, fence, swimming pool or any other structure (permanent or temporary), or the planting (and subsequent growth) or removal of trees or plants (including lawns), in each case after the date of Completion.
- 3) Anything resulting from compliance by the Builder with written instructions given by or on behalf of the first Owner in respect of design, materials or workmanship.
- 4) The effects of wear and tear, neglect or failure to do appropriate maintenance.
- 5) The effects of dampness, condensation or shrinkage not resulting from a Defect.
- 6) If you are not the first Owner, anything you knew about when you bought your Home and which resulted in a reduction in the purchase price or which was taken into account in any other arrangement.

Part 2 - NHBC's obligations

This part of this section tells you (in the yellow panel on this page) what NHBC will do if the Builder does not fulfil its obligations under part 1 of this section and you notify us of a claim under this part of this section.

The grey panel on this page tells you what NHBC will not do or be liable for under this part of this section.

Financial limits

- 1) Our aggregate liability for all claims relating to your Home under this part of this section and section 3, taken together, will be limited to the Original Purchase Price up to a maximum of:
 - i) for a newly built Home, £1 million;
 - ii) for a newly converted or newly renovated Home, £500,000.
 However, our aggregate liability for all claims relating to Homes in a continuous structure that includes your Home under this part of this section and section 3 of any Buildmark cover (or the equivalent in any similar cover issued by us), taken together, will be limited to:
 - a) for newly built Homes, £25 million;
 - b) for newly converted or newly renovated Homes, £5 million.
- 2) These limits will increase each year with effect from the date of Completion in line with the Royal Institution of Chartered Surveyors' House Re-Building Cost Index or, if less, by 10% compound a year. If we accept a claim, we will deduct from the financial limit the cost to us of meeting the claim. The rest of the financial limit will then continue to increase as above.
- 3) The most we will pay for alternative accommodation, removals and storage is 10% of the unused financial limit for your Home at the time of the claim.
- 4) When your Home includes Common Parts, our liability for all claims relating to them (subject to the limits referred to in 1 and 2 above) will be limited to that portion of the total cost of doing all the work that has to be done in connection with those Common Parts that we decide it is reasonable to attribute to your Home.
- 5) If a claim is made by the Owner of another Home in connection with any Common Parts that are shared by your Home, we may ask you to claim under this part of this section in respect of those Common Parts or we may proceed as if you had. We may then deduct the costs we incur from the relevant financial limit of cover for your Home.

The cover

What NHBC will do

- 1) We will pay you the Cost of any test, investigation or work that is required by a Resolution Report that you accept in full, which the Builder does not complete in a workmanlike manner and in accordance with NHBC Requirements within the time set in the Resolution Report. Alternatively, we may at our option arrange to get that test, investigation or work done at our expense.
- 2) If the Builder is insolvent, we will pay you the Cost of any work for which it is liable under, but has not done as required by, part 1 of this section. Alternatively, we may at our option arrange to get that work done at our expense.
- 3) We will pay you any reasonable costs that you incur by prior agreement with us for removal, storage and appropriate alternative accommodation if it is necessary for anyone normally living in your Home to move out so that work can be done.
- 4) We will pay you, if within a reasonable time the Builder does not, the total amount that the Builder has to pay you under any arbitration awards, court orders and court judgments concerning any obligations of the Builder under part 1 of this section which the Builder has failed to fulfil. Alternatively, we may at our option pay you such part of that amount, as we consider reasonable to attribute to the Builder's failure to fulfil its obligations under part 1 of this section. We will deduct from this any amount that you have to pay to the Builder under any arbitration awards, court orders and court judgments made in the same proceedings. We will not be liable to make any payment until the proceedings have ended.

What NHBC will not do or be liable for

- 1) Anything for which you have withheld payment to the Builder. Where you have done so:
 - a) we will be entitled to deduct the amount you withheld from the sum that we would otherwise pay; and
 - b) if we are to do the work for which you withheld payment, you must pay us the amount you withheld before the work begins.
- 2) Anything listed in the exclusions and limitations on page 5.

Part 3 - The Resolution Service

This part of this section tells you about the Resolution Service that NHBC may provide if the Builder is notified of a Defect or Damage to your Home and does not fulfil its obligations under part 1 of this section.

If there is a dispute between you and the Builder about the Builder's obligations under part 1 of this section, we may at your request and our sole discretion (if we think that we can help) try to resolve matters under our Resolution Service. However, we can only help with disputes where the Builder was notified of a Defect or Damage to your Home within the relevant notification period and did not fulfil its obligations under part 1 of this section. We cannot help if you have a dispute about other matters (for example, financial or contractual issues or boundary disputes) or if you have started arbitration or legal proceedings against the Builder or some other person in connection with your Home.

When we offer our Resolution Service, we will investigate the Defects or Damage notified to the Builder. We will then issue a 'Resolution Report' informing both you and the Builder of any tests, investigations or work that the Builder must do to fulfil its obligations under part 1 of this section.

If you accept the findings of a Resolution Report in full, then:

- 1) the Builder must carry out any tests, investigations or work referred to in the Resolution Report at its own expense, in a workmanlike manner and in accordance with NHBC Requirements, within a reasonable period of time that will be set by NHBC;
- 2) you must allow the Builder access to your Home during normal working hours to fulfil the requirements of the Resolution Report;
- 3) if the Builder does not carry out the tests, investigations or work satisfactorily and within the time set, we will deal with the matter as a claim against NHBC under part 2 of this section (see the yellow panel on page 10).

It may be that you do not accept the findings of a Resolution Report in full (or at all) or that we decline to provide the Resolution Service. If so, we will have no liability to you under part 2 of this section regarding the matters that were the subject of your request to provide the Resolution Service or that were the subject of the Resolution Report. However, this will not affect your rights against the Builder (see page 21 for further information regarding means of resolving your dispute with your Builder). Nor will it affect your entitlement to make a claim under part 2 of this section in connection with the Builder's insolvency or the failure of the Builder to make a payment under an arbitration award, court judgment or court order.

How to make a claim to the Builder – what you must do

It is important that you inspect your Home before and after you move in. The Builder is responsible for investigating claims or complaints notified to it within the relevant notification period.

If you notice any matter that you think may require attention, you must do the following:

- 1) Contact the Builder and notify it of the matter concerned as soon as possible during the relevant notification period. It is advisable to notify the Builder in writing, and to make notes of any conversations you have with the Builder about such matters. You should keep copies of any such correspondence and notes, and of any other relevant documents, as you may need them later to prove you notified the Builder during the relevant notification period.
- 2) If the Builder does not deal with the matter to your satisfaction, contact NHBC (see page 6) as soon as possible. We may offer our Resolution Service (see page 11).
- 3) Give us the opportunity to inspect your Home.
- 4) If we ask for them, send us copies of any correspondence, notes of discussions, contracts, plans, quotations, receipts and any other documents or information about your Home.

Important note

If you suspect Contamination during the relevant notification period for a notification to the Builder under part 1 of this section, you should report it to the Builder as soon as possible because it may be covered under this section as a Defect or Damage. Do not wait until the period of cover under section 5 starts.

How to make a claim to NHBC – what you must do

Contact NHBC (see page 6) as soon as you believe the Builder might be insolvent or, if you start arbitration or legal proceedings against the Builder in connection with its obligations under part 1 of this section, as soon as you start them.

You must also do the following:

- 1) Send us any evidence you have that the Builder may be insolvent.
- 2) Give us the opportunity to inspect your Home.
- 3) If we ask for them, send us copies of any correspondence, notes of discussions, contracts, plans, quotations, receipts and any other documents or information about your Home.

Section 3

NHBC's obligations

This section tells you (in the yellow panel on the next page) what NHBC will do if there is Damage to certain parts of your Home or a Defect to a flue or chimney that serves your Home, and you notify us of a claim under this section within the relevant notification period described below.

The grey panel on the next page tells you what NHBC will not do or be liable for under this section.

Notification periods

- 1) For a Defect to a flue or chimney that serves your Home or Damage to your Home that (in either case) does not affect any Common Parts, the notification period starts on the day after the period of two years from the date of Completion and ends eight years later.
- 2) For a Defect to a flue or chimney that serves your Home or Damage to your Home that (in either case) does affect Common Parts, the notification period:
 - a) starts on the earlier of:
 - i) the day after the period of three years from the first of the dates of Completion for the Homes that share the Common Parts;
 - ii) the day after the period of two years from the last of the dates of Completion for the Homes that share the Common Parts; and
 - b) ends eight years later.

Financial limits

- 1) Our aggregate liability for all claims relating to your Home under part 2 of section 2 and this section, taken together, will be limited to the Original Purchase Price up to a maximum of:
 - i) for a newly built Home, £1 million;
 - ii) for a newly converted or newly renovated Home, £500,000.However, our aggregate liability for all claims relating to Homes in a continuous structure that includes your Home under part 2 of section 2 and this section of any Buildmark cover (or the equivalent in any similar cover issued by us), taken together, will be limited to:

 - b) for newly converted or newly renovated Homes, £5 million.
- 2) These limits will increase each year with effect from the date of Completion in line with the Royal Institution of Chartered Surveyors' House Re-Building Cost Index or, if less, by 10% compound a year. If we accept a claim, we will deduct from the financial limit the cost to us of meeting the claim. The rest of the financial limit will then continue to increase as above.
- 3) The most we will pay for alternative accommodation, removals and storage is 10% of the unused financial limit for your Home at the time of the claim.
- 4) When your Home includes Common Parts, our liability for all claims relating to them (subject to the limits referred to in 1 and 2 above) will be limited to that portion of the total cost of doing all the work that has to be done in connection with those Common Parts that we decide it is reasonable to attribute to your Home. However, for claims under items 1(a) to (m) in the yellow panel on the next page:
 - a) if that portion is less than £1,200 Indexed, NHBC will have no liability;
 - b) if that portion is more than £1,200 Indexed or the total Cost of the repairs to the Common Parts is more than £12,000 Indexed, we will pay you your portion of the cost of the necessary work or, at our option, arrange to get the necessary work done at our expense, subject to the overall limits referred to in 1 and 2 above.
- 5) If a claim is made by the Owner of another Home in connection with any Common Parts that are shared by your Home, we may ask you to claim under this section in respect of those Common Parts or we may proceed as if you had. We may then deduct the costs we incur from the relevant financial limit of cover for your Home.

Your right to cancel and general conditions

Your right to cancel

You have the right to cancel the cover provided by NHBC under Buildmark. If you wish to do so, you must notify NHBC within 14 days after you receive your Insurance Certificate. Your notice of cancellation must be sent to NHBC within this period by letter or email to the following address:

By letter Customer Services

By email cssupport@nhbc.co.uk

If you choose to cancel, please quote your Buildmark policy number and return all Buildmark documents, including the Insurance Certificate, to NHBC.

We recommend that you check with your mortgage lender before cancelling because they may require you to have Buildmark cover or similar cover as a condition of the loan.

Please also note that if you cancel and you later want to sell your Home during the period for which you would otherwise have the benefit of Buildmark cover, a purchaser may not wish to proceed with the purchase.

If your Home includes Common Parts and you are jointly responsible with the Owners of other Homes for the cost of their upkeep or repair, then cancellation of the cover provided by NHBC under Buildmark will also apply to the cover for your share of the cost of any claim relating to the Common Parts.

General conditions for claims to NHBC

- 1) If we accept any claim under Buildmark in connection with which you could make a claim against another person, we have the right, at our option, to make a claim against that person in your name but at our expense and retain for our account the proceeds of that claim. In addition, you must at our request and expense do whatever we may reasonably require:
 - a) to make or continue with a claim against that person for our benefit and account to us for the proceeds of the claim;
 - b) to enable us to enforce any rights you or we may have to make a claim against that person by taking over the conduct of any claim you make against that person.
- 2) You must take all steps that are reasonably practicable to reduce the severity of damage or where possible avoid damage to your Home. If you do not do so, NHBC will not be liable for the cost of any work or other costs that could have been avoided had all such steps been taken.
- 3) You must provide at our request any information that we may reasonably require to enable us to assess your claim.

If your complaint is not resolved (to your satisfaction), you may be entitled to refer it to the Financial Ombudsman Service (an independent body) where it relates to our insurance cover under part 2 of section 2 or sections 1, 3, 4 or 5.

The Financial Ombudsman Service does not deal with complaints about the Builder's performance of its obligations under Buildmark cover, or about NHBC's Resolution Service.

Disputes with the Builder

NHBC Resolution Service and Arbitration

NHBC's Resolution Service can resolve many disputes between Owners and Builders concerning the Builders' obligations under Part 1 of Section 2 of Buildmark. Details of the service are on page 11.

- If:
- a) you do not wish to use the Resolution Service, or
 - b) NHBC declines to provide the Resolution Service, or

c) NHBC does provide the Resolution Service but you do not accept all of the findings of the Resolution Report, then in each case you have the option of going to arbitration under the terms of the arbitration agreement below. You can also use other methods of dispute resolution, briefly described in the guidance below.

Arbitration Agreement

- a) You may refer any dispute between you and the Builder arising out of the Builder's obligations under Part 1 of Section 2 to the arbitration of a sole arbitrator.
- b) The arbitration will begin when you inform the Builder in writing that:
 - you have a dispute arising out of the Builder's obligations under Part 1 of Section 2, giving brief details of the dispute; and
 - you require the dispute to be referred to arbitration.
- c) After informing the Builder that you require a dispute to be referred to arbitration, you must apply to the Chartered Institute of Arbitrators for an arbitrator to be appointed by the President or a Deputy President of the Chartered Institute of Arbitrators. You must pay any fee required by the arbitrator or by the Chartered Institute of Arbitrators as soon as it is requested.
- d) To apply to the Chartered Institute of Arbitrators for an arbitrator to be appointed, you should write to: IDRS Limited, 24 Angel Gate, City Road, London EC1V 2PT.

Guidance on other methods of dispute resolution

The rest of this page gives a quick summary of the other methods of dispute resolution that may be available for you to use if you have a dispute with your Builder. It is for information only and does not form part of the terms and conditions of your cover.

Court proceedings

The court's small claims procedure can provide a way of resolving disputes where the amount in dispute falls below a specified level (at the date this booklet was published, this was £5,000). For higher-value or more complex disputes, you may still choose to go to court (but not through the small claims procedure).

Normally, when using the small claims procedure, you will not have to pay the Builder's legal costs if you lose. With other court proceedings, you may be at risk of having to pay the Builder's legal costs.

Alternative dispute resolution

There are many other ways of resolving disputes, such as alternative dispute resolution (ADR) and mediation. These are offered by a range of providers.

Time limits

There are strict time limits for bringing claims in court and arbitration proceedings once the right to make a claim has arisen. If you do not make a claim in time, you may lose the right to do so altogether.

Professional advice

If you have a dispute or difference with NHBC or a Builder, we recommend that you consider contacting your local Court Centre, Citizens Advice Bureau or Law Centre or a firm of solicitors to take advice on what to do.
